

Cindy Solomon Spoken Intro

I'm excited to welcome Cindy Solomon.

Simply put, Cindy Solomon builds Courageous Leadership® at scale.

An internationally recognized leadership expert, speaker, author, and consultant, Cindy is a recovering corporate executive who has spent over two decades focused on how to help individuals become more effective, productive, and yes, courageous... in both their professional and personal lives.

Through her organization, the Courageous Leadership Institute®, Cindy and her team have years of experience working to build, harness, and leverage Courageous Leadership to move the dial on customer experience and employee engagement.

Whether it's helping clients like Google, Raytheon, UPS, and Amazon find a way to innovate during explosive growth, or helping the Gates Foundation and Associations like ASAE and the American Bankers Association innovate during disruption... Cindy and the Institute team have enabled over 100,000 leaders around the world to build the Courageous Leadership skills they need to not just survive, but to thrive. And the courage movement is growing - in 2018 alone, The CLI was named on both Inc. 5000 and the San Francisco Business Times' FAST 100 list of fastest-growing companies.
